DREDGING APPLICATION

Regional General Permit 54

CDP 5-06-117 & CC-031-06
 Corps File No. 200501233-DPS
 Water Board Consistency Permit

Valid Until October 4, 2011

Applicant Name, Address, Phone Number:

Agent & Contractor Name, Address, Phone Number (if applicable):

Project Site Address:

Assessor's Parcel Number:

Dredge Site:

Latitude

Longitude

Disposal Site:

☐

Beach Disposal:

Latitude

Longitude

☐ Ocean Disposal (LA-3): Latitude 33° 31' 00"

Longitude 117° 53' 30"

Purpose and Final Goal of Dredging (Effect on Bulkhead and Beaches):

Method of Dredging (Hydraulic, Clamshell, Tractor etc...):	
<div></div>	
Vessel(s) & Captain(s)	<div></div>
Dredging Operations Inspector	<div></div>
Disposal Operations Inspector	<div></div>

Cubic Yards Dredged and Disposed (Must be less than 1,000 cy. total):	
<div></div>	
Area Impacted (in acres):	If Beach Disposal Is Used, Linear Feet of Affected Beach Area:
<div></div>	<div></div> Feet
Estimate of Quantity of Material Dredged From or Disposed Onto the Site From Previous Activities:	
<div></div>	
Dredging and Disposal Operations Schedule:	
<div></div>	

Please submit the following on a separate page. Use the check boxes to ensure a complete application is filed. Incomplete applications will not be processed.

- ☐ Scaled drawings of the project and disposal areas (plan view and cross sectional view)
- ☐ Site address
- ☐ Location within the Harbor
- ☐ Location and physical dimensions of existing structures on subject site (e.g. float, pier, gangway, pile and bulkhead)
- ☐ Location and physical dimensions of existing structures *on adjacent properties*
- ☐ Location of Bulkhead, Pierhead and Project Lines
- ☐ Dredge depth (limited to -7 MLLW with a 1' allowable overdraft)
- ☐ Photo(s) of entire dredge and disposal areas at low tide (including 30' buffer area), with emphasis on eelgrass

- ☐ Eelgrass Survey – Completed by a Certified Eelgrass Diver
- A. Survey for the presence of eelgrass within 30' of the entire project area (dredge and disposal site)
 - B. If eelgrass is within 15' of project area, then the project will not be permitted. (*An Individual Permit must be sought.*)
 - C. If ***ocean*** disposal:
 - Any eelgrass must be located greater than 15' from project area
 - No further eelgrass monitoring is required
 - D. If ***beach*** disposal:
 - If eelgrass is not present within 30' of the project area, then no further monitoring is required
 - If eelgrass is present between 15' to 30' of the project area, then pre- and post-monitoring is required. See Harbor Resources website for pre- and post-monitoring requirements www.newportbeachca.gov/HarborResources
- ☐ Caulerpa Survey – Completed by a Certified Caulerpa Diver
- Survey for Caulerpa within 30' of the project area (dredge and disposal site)
- ☐ Grain Size Analysis
- (1) sample per ¼ acre and / or at least (1) sample at dredge site and (1) sample at beach disposal site (if applicable)
 - If beach disposal, sample(s) must be at least 80% sand
- ☐ Project is over (check one box):
- ☐ City Tidelands
 - ☐ County Tidelands (State Lands Commission Dredge Lease Approval)
- ☐ If applicable, check one box:
- ☐ The Irvine Company owner's approved area
 - ☐ Bay Island owner's approved area
 - ☐ Dover Shores owner's approved area
 - ☐ Linda Isle owner's approved area
- ☐ Check made payable to The City of Newport Beach (See Harbor Resources website for appropriate fees)
- ☐ Check for \$77 made payable to Santa Ana Regional Water Quality Control Board

Project areas at the Rhine Channel, Newport Island, Promontory Bay, the West Lido Channel or from within 1,000 feet in any direction from the 15th Street public pier are not eligible for dredging under this Permit.

I, _____ (Applicant / Agent), hereby certify that the information on this application is accurate and complete. I also certify that I have read the California Coastal Commission Permit 5-06-117 & Federal Consistency Certification CC-031-06, the Army Corps of Engineers Regional General Permit No. 54 (File No. 200501233-DPS) and the California Regional Water Quality Control Board General Certification for Regional General Permit No. 54 for maintenance dredging in Newport Harbor and that I will comply with all of the conditions in those permits. I also certify that by acceptance of this Permit, the applicant acknowledges and agrees that the site may be subject to hazards from waves and erosion.

I will further hold the City of Newport Beach harmless from and indemnify the City against any claim for damages arising out of the exercise of these permits. In addition, I shall reimburse the City of Newport Beach for all attorney's fees and other costs expended by them in defending any claim, lawsuit, or judgment arising out of the activities of the applicant carried on under the authority of such Permit.

I understand that any work authorized must be completed by October 4, 2011 after which a new authorization is required. I also understand that the applicant will submit a Post Dredging Completion Report no later than 30 calendar days after completion of each dredging project. All work scheduled to be completed before 7:00 AM or after 6:00 PM (Monday – Saturday) or on Sundays or holidays must be approved by Harbor Resources.

Per the RGP Permit, all dredging applications will be processed by the various agencies through monthly batch submittals sent to them by Harbor Resources. Therefore, all dredging applications must be submitted to and received by Harbor Resources by the 1st Monday of every month. Applications submitted *prior* to this deadline are encouraged and appreciated.
